Welcome

Hello Dear Hard Core Shore anglers of EFSA!

It is really a pleasure to say a few words to you all, which I normally only do in my EFSA Annual Report.

I am in my last year of presidency. It has always been a great pleasure for me to see how much enthusiasm EFSA competitions are carried out with. It is the love for our sport and the community that makes it all possible!

I also did shore angling years ago. It is amazing what fish can be caught, depending on the country where the competition is held.

“Nulli Secundus and Tight Lines, long live EFSA!

A message from our Chairman

Dear EFSA friends,

Cèad Mìle Fàilte a Chàirde. A hundred thousand welcomes, friends.

EFSA Ireland are delighted to host the 2021 European Shore Angling Championship and extend an invitation to one and all.

This will be the sixth occasion on which EFSA Ireland have hosted the event and we will return to the County Wexford village of Kilmuckridge where the Headquarters will be The Upton Court Hotel.

The championship will be fished from the beaches of south west Ireland between Wexford Town and Arklow, weather permitting. Should the weather be unsuitable there may be a need to move to one of the southern estuaries or north to Wicklow. Hopefully this will not be necessary.

The angling venues may be some of the following – Clones/Kilgorman, Morriscastle/Ballinoulart, Ballinesker, Tinnebearna, Ballinamona, Roney Point, Curraclloe. All are easily accessible and fishable in all but the worst of easterly gales.

The members of EFSA Ireland look forward to welcoming old friends and friends we have not yet met to Ireland in October 2021.

On behalf of EFSA Ireland I wish all competitors good fishing, good weather and good luck.

Tight Lines,

George McCullough
Chairman, EFSA Ireland

EFSA Shore Fishing Rules - 2021

4. General Shore Competition Rules.

- 4.1 Angling will be from a peg allocated by means of a draw which will take place on peg 1 of each zone every day. Competitors must fish from their allotted peg number.
- 4.2 All matches to be pegged in 5 zones. The fishing zones for each competitor for each day of the overall competition will be drawn on the registration evening.
- 4.3 All Shore Championships shall be fished over 3 qualifying days.
- 4.4 A minimum size list shall be given to all competitors before the competitions start.
- 4.5 The start and finish of the match will be signalled by a whistle, or other audible or visible signal.
- 4.6 Competitors are allowed to wet and stretch their lines with the use of a plain lead with no trace attached, but not in the final 15 minutes before the start of the match.
- 4.7 Competitors shall not have in use more than one rod at a time. A reserve rod is allowed but must not have terminal tackle attached. A maximum of three single hooks per trace is allowed, a pannel rig counting as 2 hooks. Spare baited traces are allowed.
- 4.8 The use of bait additives or extracts will not be permitted, and the practice of 'ground baiting' and/or the use of 'rubby-dubby' is prohibited.
- 4.9 Beads, sequins, tubing, and muppets. All these are allowed on hook lengths, with no restriction on length, quantity, or combination of these, as long as nothing hangs below, or protrudes over, the eye of the hook.
- 4.10 Floats and float fishing are not allowed, unless the float is tethered to a ledgered line.
- 4.11 Assistance may be given to land a fish, but no one other than the competitor shall handle the rod, except for reasons of safety.
- 4.12 A fish which is hooked behind the gill cover is classed as 'foul hooked'. If a fish is so hooked, or is hooked on more than one line, it is automatically disqualified and should be returned to the sea immediately where practicable. This also applies to fish landed on lost traces. The responsibility for observing, and implementing this rule, comes under the jurisdiction of the neighbouring angler.
- 4.13 All competitors must bait their own hooks, and must cast and retrieve their own tackle/traces. Assistance is allowed with the extraction of hooks.
- 4.14 Bait will be provided each day, by the organizers, sufficient for that day, and will be put in similar bags to be picked at random by the participating anglers. Competitors are not allowed to use any bait other than that supplied. Any infringement of this rule will result in automatic disqualification. Upon conclusion of each day's fishing any unused bait shall be disposed of and none shall be carried over to the next day.
- 4.15 All competitions are to be run on a 'catch and release' basis, and points awarded at 1 point per centimetre length, and 5 points per fish. No fish = no points.

The angler with the greatest number of points will be awarded first place, and 2nd, 3rd, 4th places etc. given to competitors in descending order of points scored.

In case of a 'tie', places will be awarded on countback of fish.
- 4.16 The zone winner will receive a point per number of anglers in the zone i.e. 9 anglers = 9 points, 2nd place angler will receive 8 points. In the event one zone has 10 anglers, then the winning angler of EACH zone will receive 10 points and the rest of the positions will be scored pro rate.
- 4.17 The winner of the Championship will be the angler with the most zone points over the 3 days. In the event of a tie, number of fish will be calculated. If there is still a tie then the total length of fish caught will be calculated. This rule only applies to the overall results and not the daily results.

- 4.18** When an angler catches fish, they are permitted to cast out another trace before taking the fish to the steward to be recorded. However, they must not retrieve that trace until their previous catch has been dealt with. All competitors must have their fish recorded by an angler who is not a member of their own team or Section.
- 4.19** It is a condition of entry that all anglers must be prepared to act as stewards. All competitors must have their scorecard signed by their neighbouring angler and must sign the zone master sheet before leaving the zone. Failure to comply will result in disqualification for that day.
- 4.20** Fish may be kept in water, but any physical attempt to interfere with the size of the fish (e.g. extend their length) shall lead to the disqualification of the competitor. The match organisers' decision, with regard to the size of the fish at the time of recording, or in the event of any dispute not covered by these rules, shall be final.
- All undersized fish must be returned alive immediately after capture where practicable.
- 4.21** No allowance can be given for shrinkage occurring from the time of capture to the time of recording.
- 4.22** No competitor shall fish along the waterline closer than five metres to another competitor, other than by mutual consent.
- 4.23** Any fish to be kept for culinary purposes must be over the minimum size and must have the tail removed once being humanely dispatched in full view of the angler signing for it.
- 4.24** Competitors are only permitted to wade into the sea up to their knees in order to cast, but must then return to the beach.
- 4.25** No competitor shall fish in the match area in a period commencing seven days before the start of each day's angling
- 4.26** The match organisers have the right to refuse any entry.
- 4.27** Double drawing of pegs is not permitted.
- 4.28** Any complaints must be submitted in writing to the match organisers not later than 1hour after the end of the match. The decision of the match committee shall be final.
- 4.29** All competitors must return their peg to the zone official and return their angling scorecard when signing out.
- 4.30** Any competitor who acts in a manner considered by the organisers to be against the spirit of the competition or the interests of the other anglers and fair play may be disqualified at the sole discretion of the organisers.
- 4.31** Weavers, Mackerel, Sandeels and/or Lounce cannot be recorded.
- 4.32** A shock leader of minimum 24kgs.breaking strain and not less than 7 metres long shall be used by all competitors.
- 4.33** All competitors shall collect and remove their rubbish from the beach at the end of each day's fishing, and dispose of responsibly.
- 4.34** The Organising Committee and EFSA shall not be held responsible for any loss, damage, accident or injury occurring during the event.
- 4.35** The Organising Section shall appoint a protest committee consisting of four members of separate competing Sections wherever possible and an HQ officer if present.
- 4.36** All open 2, 3, and 4 man teams to be a blind draw.
- 4.37** A National / Section Team shall consist of 5 anglers. The best 4 scores will count each day.
- 4.38** A maximum of 2 teams can represent a Section.
- 4.39** All fishing will be to EFSA fishing rules. Any dispensations from the EFSA rules for Championships, whether from the check list or the main shore rule list, must be applied for in a Standing Committee meeting and communicated to all anglers competing prior to commencement of the event.
